

AgileBA[®]

FOUNDATION & PRACTITIONER

Introduction

AgileBA[®] is a guidance, training and certification scheme designed for business analysts working in an agile environment. This course covers the Agile Business Analysis Handbook.

This is the four-day approach to gaining the Foundation & Practitioner qualification (three days training and one day for the Practitioner exam). It is an intense course that will require delegates to prepare thoroughly and be prepared for evening work throughout the course. The course includes the Foundation & Practitioners examinations.

Target Audience

This course is ideal for those likely to be involved in business analysis within an Agile project, for example:

- Business Analysts
- Developers in Agile Teams
- Testers in Agile Teams
- Project Managers
- Product Owners and business reprehensive

Course Benefits

- Knowledge and understanding of AgileBA[®]
- Agile Business Analysis techniques
- How to move from traditional to more agile ways of working
- Two examination qualifications
- One year's free membership of the [Agile Business Consortium](#) for successful candidates

Duration: Four days

Pre-Requisites: Previous experience as a business analyst working in an agile environment and completion of the pre-course reading

AgileBA[®] is a registered trade mark of Dynamic Systems Development Method Ltd.

The APMG-International Swirl AgileBA Device is a trade mark of APM Group Ltd.

About Aspire Europe

Our roots are entrenched in Change Programme Management and Performance Management and we are committed to improving the efficiency and effectiveness of organisations through the transfer of our knowledge and experience to your people.

We constantly strive to offer refreshing, stimulating and interesting events facilitated by consultants with a wealth of experience and examples to enhance your learning experience.

We offer further accredited courses to continue your development.

The four day course is intense, and the sheer volume of information that has to be processed to achieve Foundation and then Practitioner level can be challenging. Preparation is the key to success, which is why we provide pre-course reading to help you arrive on the first day fully prepared.
