

AgilePM® FOUNDATION

Introduction

Delivering projects using an Agile approach requires different ways of thinking and different ways of working for the Project Manager and all those involved. This course covers the AgilePM® handbook version 2.

This is the three-day approach to gaining the Foundation qualification. It is an intense course that will require delegates to prepare thoroughly and be prepared for evening work throughout the course. The course includes the Foundation examination.

Target Audience

This course is ideal for any staff managing or involved in the delivery of a project that is to be delivered using an Agile approach, for example:

- Project or Business Sponsors
- Project Managers and their teams
- Business Change Managers
- Technical team members involved in solution design, development and testing
- Programme and Project office staff
- Business Analysts

Course Benefits

- Understanding of the roles involved in successfully delivering an Agile project
- Understanding the sequencing of activities in an Agile project
- Understanding and practiced use of appropriate tools and techniques for Agile projects
- Understanding of effective control measures in Agile projects
- One examination qualification
- Potential to continue onto Practitioner
- One year's free membership of the [Agile Business Consortium](#) for successful candidates

Duration: Three days

Pre-Requisites: Previous experience of a Project Management environment and completion of the pre-course reading
