

# PRINCE2® 6<sup>th</sup> Edition

## FOUNDATION & PRACTITIONER eLEARNING

### Introduction

PRINCE2® (Projects IN Controlled Environments, Version2) is a structured method for effective Project Management. Developed by the UK Government, the PRINCE2® method is internationally accepted as the leading “best practice” Project Management approach and is widely used in the private and public sectors, both in the UK and internationally.

This **accredited eLearning course** covers the 2017 version of the PRINCE2® Project Management method and provides delegates with a solid grounding in the techniques, processes and tools of PRINCE2® and Project Management methodology.

Extensive use is made of case study material which is designed to help delegates consolidate the elements of the PRINCE2® Foundation part of the course, produce the key PRINCE2® management products, discuss PRINCE2® scalability issues and apply the elements of PRINCE2® to a practical scenario as they will be expected to do in the Practitioner examination.

### Target Audience

This course is intended for individuals involved with project support or project assurance roles and wish to gain a qualification, for example:

- Project Managers
- Project Assurance
- Project Support
- Project Team members
- Team Leader

### Course Benefits

- Application of PRINCE2® common vocabulary
- Increased confidence to delegates in real world application
- Thorough knowledge of the PRINCE2® methodology at theory and application level.

**Duration:** Approx. 18 Hours

**Pre-Requisites:** None
