New Product Release

Better Business Cases

Aspire Europe are excited to announce a major enhancement to our e-learning product range.

We have now completed a major revamp of our Business Case portfolio of materials, this investment has included:

1. A new Fundamentals of Business Cases which provides an overview of best practice.
2. Completely new version of our APM Group Better Business Case qualification course materials.
3. New videos
4. Self development tests challenges to bring the materials to life
5. Advanced level materials which build the relationship between the Business Case and effective Governance and Control
6. All new WCAG AA accessibility features

Claire Rookes, Operations Director said “The team have worked so hard to create an interactive learning experience that we hope is the best in class when it comes to self paced learning”.

For more information on what the course entails, please follow this link
